

New Series Subscription Service

In 2018, Zenescope is offering a subscription service for select new series! You pay a ONE-TIME flat charge and receive all issues AUTOMATICALLY in the series as they are released (the best part is you will receive your package the SAME WEEK it hits retail stores and our online shop)! That's right! When we ship our orders to our retail stores, your order will also get shipped. Shipping charges are INCLUDED in the price so once you purchase the subscription, you owe nothing- think of this like a pre-order with additional perks! You will be able to select which series you would like to buy the subscription for and within each package, you get custom gift add-on's that match your subscription character (such as collectable metal cards/bookmarks and exclusive subscription pins) as well as special exclusives!
